Welcome home to this spacious home in highly desired Severn Hills. This 4 bedroom 2 full bath split foyer home has a one car oversized attached garage. This home is not your average cookie cutter split foyer. The original owners have added double decker Patio Enclosures™ to enhance the outdoor relaxing atmosphere. These bonus rooms provide additional space to an already enlarged home perfect for entertaining.

The first enclosed porch is right off the Dining room featuring Berber carpet and skylights. The backyard features a fully fenced yard and two sheds. The owners enlarged the home by adding a master bedroom suite, sitting area and office. The home has beautiful hardwood floors in the formal living room/dining room combo, hallway and the master bedroom, sitting area and office. Office has two walls of shelving. This office could be converted into a fabulous dressing area/huge walk-in closet.
